

The Thai Orchid Restaurant

The most popular fast food in Thailand served 24/7 from footpath vendor to 5 star restaurant is Guayteaw. Both healthy and delicious Guayteaw offers the traditional subtlety of herbs and spices whilst giving the diner the opportunity complete the dish by seasoning to personal taste. A true Thai delight.....

Guayteaw Nam

Guayteaw Nam consists of your choice of egg noodles, glass noodles or Thai Rice Stick noodles in a delicately flavoured stock with meat, homemade meatballs, seafood or vegetables. In true Thai tradition the seasoning is subtle yet the individual flavours of the bean sprouts, coriander, spring onions and golden crispy garlic gives the dish an unexpected depth without adding complexity.

Guayteaw Haeng

Dry Guayteaw although described as dry is actually deliciously moist and full of flavour as your choice of egg noodles, glass noodles or Thai Rice Stick noodles are expertly flamed in dark and light soy sauce with meat, homemade meatballs, seafood or vegetables. As with Guayteaw Nam, Guayteaw Haeng is topped with bean sprouts, coriander, spring onions and golden crispy garlic.

Both Styles are presented to the table with a selection of condiments to add that personal touch:

Naam Blaa (Fish Sauce)	- salty seasoning
Rice Vinegar	- tangy and sharp
Freshly Ground Roast Chilli	- careful, delicious but HOT
Sugar	- sweet and will help to reduce heat
